Tournament Appearances by School

Schools are listed in alphabetical order by current name. Schools which have undergone name changes have notations of such in their listings. Schools which were consolidated with other schools and retained their name and/or their campus are credited with their tournament histories prior to the consolidation, but not with the tournament histories of those schools which they absorbed. Schools which no longer exist or are no longer members of the FHSAA are indicated by "++" following their name. Finals Record includes only FHSAA Football Finals state championship games. Tournament Record includes all games in the FHSAA State Football Series tournaments on the regional, sectional, semi-state and state levels. Appearances in parentheses after school name indicate: Appearances in FHSAA Finals/Appearances in State Series.

Tournament Scores by School

Schools are listed in alphabetical order by current name. Schools which have undergone name changes have notations of such in their listings. Schools which were consolidated with other schools and retained their name and/or their campus are credited with their tournament histories prior to the consolidation, but not with the tournament histories of those schools which they absorbed. Schools which no longer exist or are no longer members of the FHSAA are indicated by "++" following their name. Finals Record includes only FHSAA Football Finals state championship games. Listing of scores includes all games in the FHSAA State Football Series tournaments on the regional, sectional, semi-state and state levels.

Tournament Home-Field Advantage

Compiled only for games hosted by a participating school. Does not include championship games played at neutral site(s). Figures since 1993 may be affected by bracketing which requires district runners-up to always travel when playing a district champion.
